PROFESSIONAL SUMMARY

User Experience Designer with 3+ years of professional history translating intricate user friction points into high-fidelity, intuitive visual systems. Specialized in developing end-to-end user journeys, continuous rapid prototyping, and wireframing using Figma. Driven by a user-centric philosophy that unifies qualitative field research, quantitative usability mapping, and structural components to scale engagement and optimize brand retention.

DESIGN TOOLKIT

Design & Process: User Research, Wireframing, High-Fidelity Prototyping, Information Architecture, Component Library Architecture, Usability Testing

Tools & Software: Figma, Adobe Creative Suite (Illustrator, Photoshop), Miro, Maze, Webflow (Basic)

PROFESSIONAL EXPERIENCE

UI/UX Product Designer

March 2024 – Present

Nova Digital Studio

Mumbai, India

- Spearheaded the comprehensive end-to-end design restructure of a FinTech mobile app checkout flow, reducing cart abandonment rate by 22% over a 4-month launch window.
- Architected and managed an internal centralized design system in Figma, establishing reusable atomic design components that cut production handoff efforts for developers by 30%.
- Conducted user discovery interviews, affinity mapping sessions, and high-fidelity usability test tracks across 40+ user demographics to eliminate drop-off steps.
- Collaborated with product leadership and frontend software squads to maintain typographic integrity and responsive design thresholds during Web and Mobile deployments.

Junior UX Designer

July 2023 – February 2024

Vivid Experience Agency

Pune, India

- Created comprehensive user personas, journey flows, and wireframes for multiple direct-to-consumer e-commerce clients.
- Developed micro-interactions and interactive clickable prototypes in Figma to pitch layout transitions directly to clients.
- Analyzed heatmaps and user session behavior via Hotjar tools to report UI accessibility optimization recommendations to senior designers.

EDUCATION & TRAINING

Bachelor of Science (B.Sc.) in Animation & Multimedia

2020 – 2023

St. Xavier's College

Mumbai, India

Certifications & Professional Courses:

- Google UX Design Professional Certificate (Coursera)
- Interaction Design Foundation (IxDF) – Advanced User Research Certification
