Gachibowli, Hyderabad, India | +91 91111 22222 | sneha.reddy.fresher@email.com | github.com/sneha-reddy-dummy

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science & Engineering 2022 – 2026

International Institute of Information Technology (IIIT) – Hyderabad, India

- **CGPA:** 8.9 / 10.0
- **Core Coursework:** Data Structures & Algorithms, Object-Oriented Programming (Java/C++), Database Management Systems (DBMS), Operating Systems, Software Engineering Principles.

TECHNICAL SKILLS

Languages: Java, Python, C++, SQL, HTML/CSS

Frameworks &

Tools: Spring Boot, Flask, Git, GitHub, PostgreSQL, Docker (Basic)

CS Concepts: Object-Oriented Design, RESTful APIs, Agile Methodologies, Problem Solving

ACADEMIC & PERSONAL PROJECTS

Automated Inventory Management System (Cap Stone Project) Recent

Tech Stack: Java, Spring Boot, PostgreSQL, Thymeleaf

- Developed a full-stack web application to track real-time warehouse stock levels, servicing up to 50 concurrent transactions mock-tested locally.
- Implemented secure user role authentication (Admin, Manager, Staff) using Spring Security.
- Designed and optimized complex SQL queries to generate daily automated inventory health reports.

RESTful Task Management API 2025

Tech Stack: Python, Flask, SQLite, Postman

- Engineered a backend REST API handling CRUD operations for a multi-tenant task tracking application.
- Integrated data validation checks and custom error middleware handles, cutting baseline manual testing bugs by 40%.
- Documented complete endpoint landscape using Swagger/OpenAPI specifications for simple front-end intake.

ACHIEVEMENTS & EXTRACURRICULARS

- Solved 350+ data structures and algorithmic challenges across LeetCode and HackerRank profiles.
- Secured 2nd position out of 80+ competing teams in the Inter-College Hackathon (Smart City Tech Challenge 2025).

- Active Member of the IIIT-H Core Coding Club; hosted peer mentoring bootcamps focusing on Java programming configurations.
